I WANT TO MAKE modeling part of the next chapter in life. I was a hairstylist and makeup artist at one point which I loved but didn't have the passion to continue. I love being in front of the camera! I went on to get my bachelors degree in Communication and Mass Media which was one of my proudest moments in life (besides being a mother). Currently, I am pursuing my Masters' degree in counseling psychology. I am very artistic and expressive, and believe that modeling gives me a wonderful outlet for those traits. I have always been a huge fan of classic beauty, such as Audrey Hepburn (who I happen to be named after) and I really look up to kick-ass females who weren't scared to be sexy yet classy, and flip their middle finger at what society views as beautiful (for example, Bettie Page, my idol). The photography I am drawn to are in the realms of vintage, rockabilly, demure, modern, classic, timeless...I could go on, but I would only be listing ALL of the artistic expressions that describe the beautiful art of modeling. I am edgy, very outgoing and friendly, but I do have a bite ;-). I'm not one who is scared to push the limits and I feel that my confidence allows me to do that successfully. As you can see, I am covered in ink and piercings, and I love to show them in my photographs. I am a good mixture of classy and girly mixed with rock-and-roll and trashy.

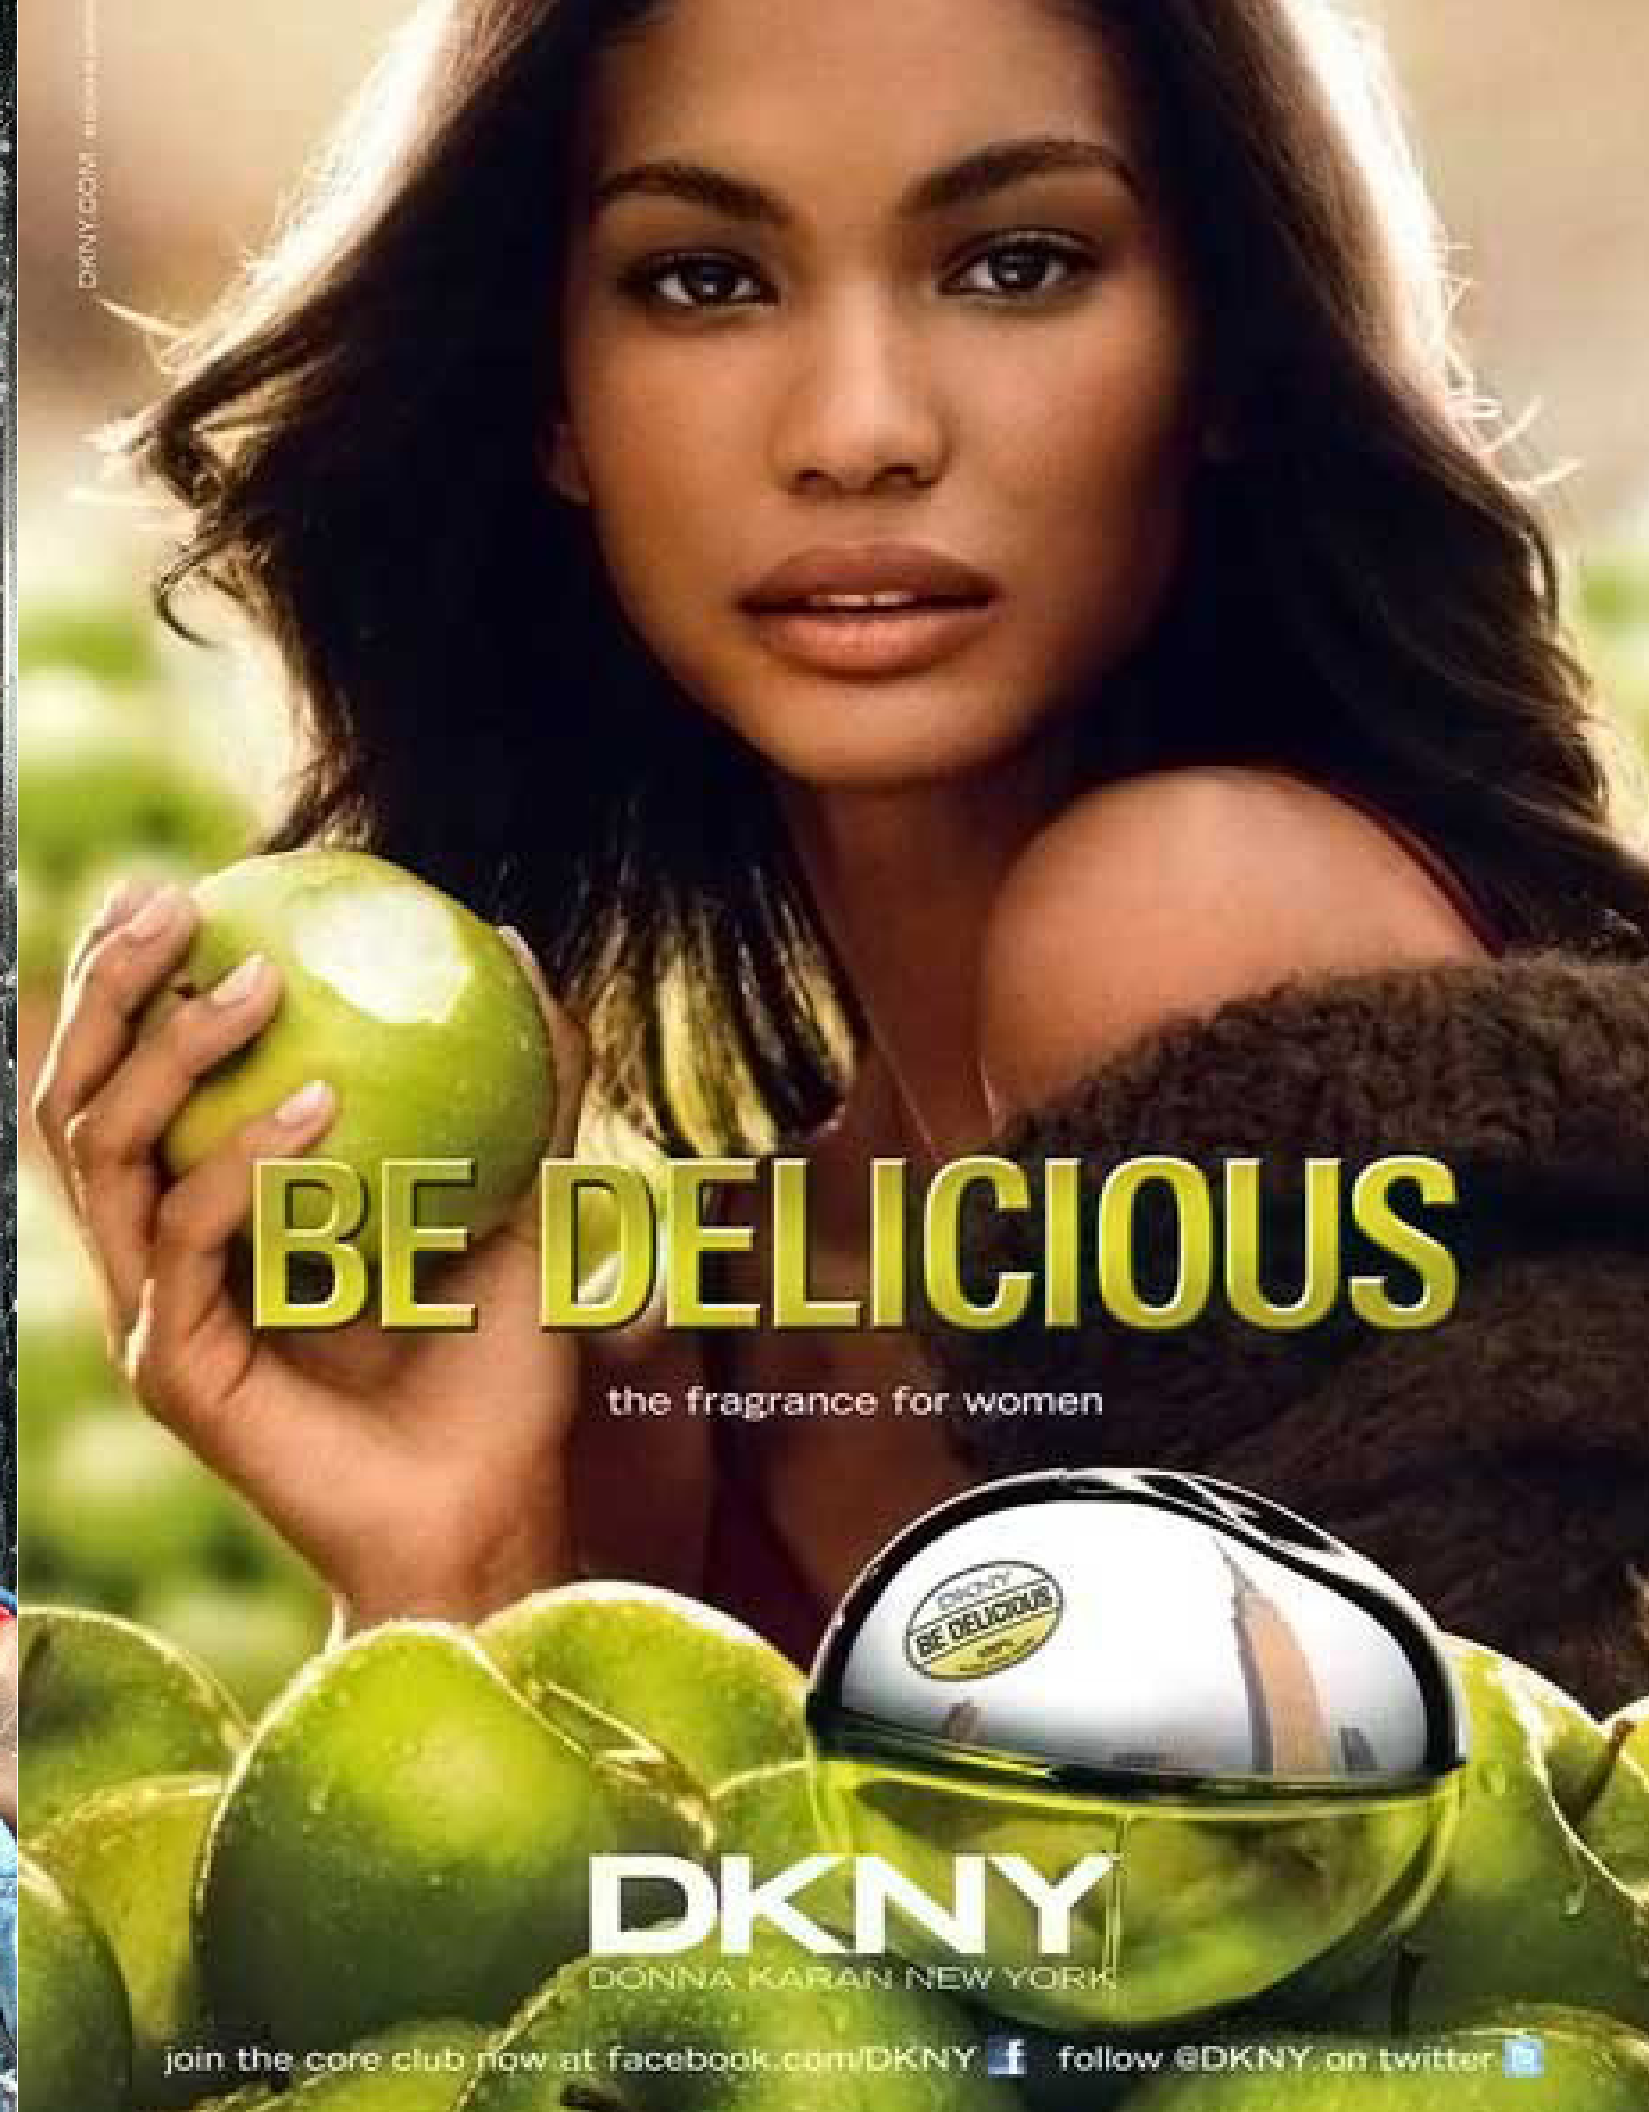

where to start ?

I'm still fairly young, but at times I feel like I've been on this earth forever (that, or maybe I was just born in the wrong decade!) Anyway, I have done so much in the time I've been on my own.

What do you expect from a tiny girl? You shouldn't expect anything but greatness. I am naturally a small framed person looking to make a difference. I can be super bubbly and fun, or quiet and rambunctious when need be in life, especially modeling. I started modeling a few years back, had to take a break, but now I'm back! I may not have as much experience as others, but my goal is to explore my talents and help others do the same. I love doing all types of things. From walking on the beach during the sunset, to dancing the night away with friends. Across the board, willing to learn, grow, and have a little fun at the same time.

Being born a Floridian has given me great pleasure to acquire a sun kissed tan all year long

Hello to all and a huge welcome! I thank you for taking the time to view (for your pleasure, of course)! A little about myself without any boring a due, I'd like to mention a few things that interest me. This includes competitive eating, cigar smoking and rolling, rabbits, go-karts, wing suit flying and the Rubik's Cube. Being born a Floridian has given me great pleasure to acquire a sun kissed tan all year

long while enjoying second degree burns on my thighs as I sit on the comfy leather seats of my hot-rod on a beautiful summer's day. On a more serious note, I enjoy everything that goes along with modeling... From all of the preparations of a photo shoot to the final product. Being on the front end of the camera has become a huge part of my life and I hope it teaches me how to keep growing and learning as I enter the medical field.

Kendra Singleton

A small town Tennessee girl

Some models do it to be famous I do it because I enjoy it.

My name is Kendra Singleton. I am a home health nurse and work for two different companies, I love to take care of people and help people as much as I can. On the weekends I do model and do promo modeling for companies like Swisher Sweet, Miller Lite and NOPI Nationals and featured on their bill-

boards for their July show. In the few years that I've been modeling I've been featured in a few magazines, you might have seen me in Truck Trend, Cred, in the July issue of Southern Vixen and will be the cover model for Peach Magazine. Some models do it for to become famous or to be in Victoria's Secret or Sports Illustrated, I do it because I enjoy it. I'm a small town Tennessee girl and was raised on simple

values which I still hold onto and believe. That means spending time with the family, valuing hard work and honesty. That's why I stay very busy and wouldn't have it any other way. I am a people person and have never felt like I meet a stranger. I enjoy most things a girl from the country would do: being with my friends, going 4-wheeling and exploring caves, and being out in nature.

MandyLynn

Many folks know her as a forward, blunt and outspoken individual. well... She is. But many do not know anything more about her. Let's see if we can find out...
Born in Hamilton, Ontario. Where she was raised for about 12 years. She then had the opportunity to travel and decided to do the whole "staycation" and travelled all over Canada. Every place she went to was a great place. But one place.... It tweaked her interest and had to see what was up with British Columbia. There she saw a Playmate in action who inspired her. So here she is today, Working 2 full time jobs, modeling and running a family. Crazy times in a short time.

Kerri Grabill

Discovered at the age of 14

Remember her, when she will grace the runway as a Victoria Secret model

Kerri was discovered at the age of 14 by Gage Modeling Agency. In late 2013 she decided not to resign her contract. Since then she has applied to several agencies but has been turned down each time-yet despite the disappointment of no contract, she continues to have a full schedule available to her in Knoxville, Nashville and Atlanta.

Kerri gives credit to Gage Talent/Modeling Agency for teaching her the basics she needed. She has walked 50' runways for Fashion Weeks in Knoxville and recently Nashville. She has done online catalog work for emerging designers and appeared in online news magazines.

Kerri would love to someday grace the runway as a Victoria Secret model. A magazine cover like Vogue or Elite is high on her bucket list.

Meagan Jade

I am always looking to expand my portfolio and do a different style of shoot than I have not done before.

Hey guys! My name is Meagan Jade, I am a young aspiring model that would shoot many genres (art, body paint, cosplay, editorial, erotic, fashion, fit, fitness, glamour, hair/makeup, lifestyle, lingerie, parts modeling, pinup, promotional, sports, swimwear, & underwater). I am always looking to expand my portfolio and do a different style of shoot than I have not done before. I was born in Edmonton, Alberta, but moved to a very small town called Ponoka. That is where I found my calling as a country girl. We moved to a farm, got

horses, and other farm animals. I learnt to ride horses and bulls at a young age. And my passion for horses grew and the passion still lives. I have multiple horses and a miniature donkey stud right now!

Done multiple styles of shoots and I always want to do more! A couples goals of mine are to be printed in at least one magazine, the more the better obviously. I also want to work my way up to being Playboys Miss Social and get my name out there as far as I can.

31 YEAR OLD mother of two, I'm a Harley girl, and do modeling. I grew up doing ballet, tap, jazz, and playing basketball. As a child I won academic and art awards and as an adult I learned how to raise two kids on my own. In 2012 I got married and have since started a Hot Rod and Customs shop with my husband. I now spend my time (when I don't have shoots) sanding, painting, and working on old cars and bikes. I have an affliction for fitness and learning new stuff. I hope to be an inspiration to other moms and ladies in general!

Australian/European model. At 172cm tall, this 22 yrs old Australian Model has not only gained experience in the Fashion industry, but also was published in editorials in Glamour, Bikini and Lingerie magazines. She is represented by her Agency, and been featured in Music Videos, Tv commercials, TV presentations, live dance performances and on stage with many bands.

Krystel-Ann Evans

Red Candee is an aspiring glamour, lingerie and bikini/swimwear model from Perth, Australia. She currently works in administration but assures us that it isn't nearly as boring as people first assume when they're told: "I spend half of my day looking at people's naked selfies and researching sex-related bits n pieces to write articles on all things sex."

Probably slightly ironically, Red used to be a high school teacher, which is where her passion for modelling first started. As a part of her teaching degree, she studied Drama which led

to her doing photoshoots to get some interesting images for her portfolio to do acting jobs. She originally had no interest in modellings, but after her first photoshoot, she realised how much she enjoyed being in front of the camera.

Red only began to think about seriously pursuing modelling last year after her teaching career ended, and since changing careers she has been published twice in Zoo Weekly Australia as a featured competition entrant and had a one page article in American magazine Chulo Magazine. She's currently taking part in an online competition called Playboy Miss Social,

which is a non-nude international competition, as well as numerous other competitions to be featured in calendars and on magazine covers.

When it comes to her life outside of work and pursuing modelling, Red loves shopping, going to watch live theatre or to the movies, checking out live music, heading out with friends for a few drinks and a dance, and she really enjoys eating out and other things that get her out of the house but back to bed at a decent hour during the week! As a single girl, she also loves dating and meeting new people, and really enjoys the freedom of being single. When it comes to the kind of guy that she likes, Red says "I love guys that have strength and a natural confidence. You don't have to be a muscle-bound gym-freak to have both of those things - it's a personality thing. I also love when they're taller and I feel little and petite next to them! They also look much hotter in the morning than women do!" She also commented that she's partial to the 'hot geek' look in guys and loves glasses and intelligence.

Kim Thiery

One day my dream would be to enter a bikini contest for women my age.

I want to help people who are going through tough times whether it's health related or divorced or any form of verbal or physical abuse. My saying to abusive people is just because you can doesn't make it right.

I have seen much in my lifetime and I am still standing! For every time someone knocked me down I made sure to get back up! I told myself I had to not only for me for my kids!

My goals this summer are to hit the gym hard- gain muscle- help people being inspirational, live, love and laugh with positive people! I need to finish my book as well! It is called "It Rained It Poured and I am Still Standing"! Basically about my life and that no matter what is thrown at you – you do survive and get through it! It isn't easy but that's when you become your toughest! I want to inspire people and let them know they can do anything they truly want to do even if they have so many saying they can't. God bless everyone especially Robert for believing in me.!!!

“It Rained It Poured and I am Still Standing”

ME AGAIN Can't wait now that summer is here and I am off for the summer I will really be focusing on doing more photo shoots and making the bikini modeling my top priority. It is a dream come true! I love the beach, looking forward to vacationing, maybe get a tattoo as well. I have many goals I want to accomplish. I have learned to live one day at a time because we just don't know what tomorrow can bring. I am thrilled to have my oldest son home for the summer from college, proud of my daughter who has one more year left of high school and than is going to be a nurse. She is in one of these pictures and she's amazingly beautiful! My youngest is 14 and I am very proud of him he is in all honors classes. So for a single mom not bad – kids are turning out great they are my life! They support my decision on being in magazines and that's a great thing. I must say I love just being outside soaking up the rays of the sun looking at the beautiful sky.

CoverGirl Interview

Bikini Mag: Please introduce yourself? What makes you special? Who is Taryn Maria? I am a super hardworking and motivated individual. I have always chased my dreams, if one door closes, another one opens. I have never take the easy route.

Bikini Mag: Please tell us a bit about your family, friends and surroundings? I try to surround myself with positive and supportive friends. Most of who get my lifestyle. My family is also very supportive as well, My mom is my #1 fan, she is my life coach, she pushes me when I am ready to quit. she keeps me grounded

Bikini Mag: How did you get into Modeling / Acting? In High School I guess you could say I was an ugly duckling. LOL. I was a jock, I had all guy friends, Hated the drama that came with women, still do haha but I actually started off doing photography, shooting my model friends and one day a fellow photographer told me he wanted to shoot me, I laughed and brushed it off but he was serious. so I gave it a shot and ended up having a lot of fun - entered a few contests like Miss Hawaiian tripics and Playboy Girls of Golf. for the last 9, almost 10 years I have been modeling & acting. I've been published many times and have been in several movies & TV Shows

Bikini Mag: What is your pre-contest diet? (1 week before a big contest) I am so lazy, I do not work out in a gym, I do not do 100 squats a day, I am just naturally active and sporty so that works for me & my body. I love McDonalds but a week or 2 before an event I tend to lay off junk food - I take stairs everyday and if its nice I will walk everywhere, I even bike around the city.

Finally My Cover

I am so ecstatic to be your JULY 2014 cover model !! I have been a BIKINI Mag centerfold 3 times and I have been on your back cover 2-3 times as well. I am also your Miss August 2014 for the BIKINI calendar

Taryn Maria

Bikini Mag: What motivates you to chase your dream? Dedication for sure. slight obsession haha and the will to succeed. it allows me to travel the world and meet new people. so as long as I keep getting jobs and invites to events you bet your sweet buns I'll be there. hardwork and persistence pave the way for success

Bikini Mag: Please tell us an interesting experience you had at an event, be it a fun thing or something rather not so fun? Most of the time they are all amazing experiences, I don't think I've had a bad one. usually the worst part about traveling are the layovers and the nonsense of lost luggage. Thankfully when I travel I have several friends attending the same events, so being stranded with no clothes, my amazing friends allow me to borrow their clothes for events and shoots.

Bikini Mag: What has been your hardest challenge to overcome either in your personal life or competing career? Being Canadian with no USA work visa. I have had so many amazing opportunities that I had to turn down. I keep applying and keep being denied.. maybe one day I'll get one and life will be much easier.. until then, one door closes, another one opens

Bikini Mag: What are your favorite foods to eat right after you compete on a Saturday night? COOKIES!!!! I can eat an entire box of cookies in one sitting, I am savage lol

Bikini Mag: Do you have an athletic background? Gymnastics, soccer, volleyball or what? I have been in athletics for as long as I can remember. I ran Track & Field for Team Canada, I played a little soccer, volleyball, football, rugby & Fishing - Like I said, I am very athletic and nothing makes me happier than to be outside enjoying the fun in the sun!

Bikini Mag: What is your current occupation? Please tell us more about it, what do you specifically do in your job? I bartend & work with kids (day care & nanny) On my off season which is usually during the winter months.

Bikini Mag: You said you have been in a movie, which one and how was that experience?

I have been in several movies, but the biggest one most people would know of is AMERICAN PIE 7: BOOK OF LOVE . I played a girl named JENNY aka VOMIT GIRL who is a bit of a slutty girl haha she gets hit on & seduced by "ROB" (aka Bug Hall from Little Rascals) - who ends up having a sexy yet hilarious sex scene . lets just say, it does not end well for me LOL

Bikini Mag: last but not least, this is your FIRST cover with BIKINI Magazine but you are not

a first time model with us correct? yes, you are correct. I pushed for a long time to be your cover model and would always get bumped last second to centerfold or back cover model. (not complaining, extremely grateful for every publication) but I am so ecstatic to be your JULY 2014 cover model !! I have been a BIKINI Mag centerfold 3 times and I have been on your back cover 2-3 times as well. I am also your Miss August 2014 for the BIKINI calendar

Horse Lover

I grew up with a strong love for horses and animals. I have been riding since I remember and have just started to learn how to rope last year.

My main goal would be to work with tattoo modeling companies like Sullen Angels.

Hey There! My name is Cassey Allison and I am from Reno NV, The Biggest Little City in the world.

I have been modeling for 5 years. I have worked with multiple local artist and two clothing lines. WholeClick Clothing is the most recent line I have been connected with. They are amazing and I am part of their Diva line. I have also worked with Kardior Kouture based in Sacramento CA, she is a diva and thats exactly what comes through in her work.

My main goal would be to work with tattoo modeling companies like Sullen Angels. I would also love to work with big promotional companies like Monster and Rockstar Energy drinks.

I grew up in California and moved to Nevada after high school. My dad loved classic cars and motorcycles so that is really what I grew up with. I still have a love for them and model pin up fashion during the Hot August Nights car shows in Reno. I also lived in Germany for 6 months and had a blast.

I also grew up with a strong love for horses and animals. I have been riding since I remember and have just started to learn how to rope last year. I go to school for vet tech and would love to work in the equine field once I graduate. I have an amazing companion. Her name is Lakota and she is a Queensland heeler mix.

I don't have many secrets, I have always been a truthful and very blunt person. I think that people should always say what they want to say. If people can't handle what comes out of your mouth then maybe they need to find new friends. Its a little harsh but I believe that the smaller your circle is the less drama circulates. I love my friends and family and I trust the ones I have in my life now.

Even though I don't have secrets I have some obsessions, like, nude stilettos, candy, and squats!

I am single at the moment. I have had my eye on someone for a very long time and hopefully love will take its course!

Hello my name is Erica West, I'm 22 years old I'm Los Angeles, CA and currently living in Pasadena, CA. I have a very outgoing attitude beauty and brains with a figure to match. I'm just starting my modeling career but I have gotten a few offers on doing a shoot with Always Thermo Magazine and I also did hair photo shoot for a up and coming hair company Prissy Me C. I enjoy doing things in my home, word search, watching old movies, cooking and sometimes i like to hit the club. I'm still young.
