August 2014 Publications

pretty much anything to do with water, mostly swimming, fishing, sunbathing lol other than on the water though I love being active! I love volleyball, tennis, and hiking... Really anything outside because I love the outdoors! As for my career I dream of being a big named fashion designer, I start art school in the spring! <3 Kayla Tomlinson

At age 22, this aries hometown in California. is the Playboy Live - Glamour Model. Born and raised on a farm, she loves

model of Los Angeles, California, with This Glamour Model Playboy proud to be who I am, I work hard to beautiful long blond hair, hazel eyes Centerfold/Playmate Lingerie has been modeling for 4 years, and done many promotional events, contests, animals; but loves as well her new life catalogues and commercial shoots.

Her Favorite Quote is:

succeed and nothing gonna bring me

I love when a man comes up to me and tells me about his life.

# **Amber Contant**

Joe Damaso is a good friend who has taken some outstanding images of me!

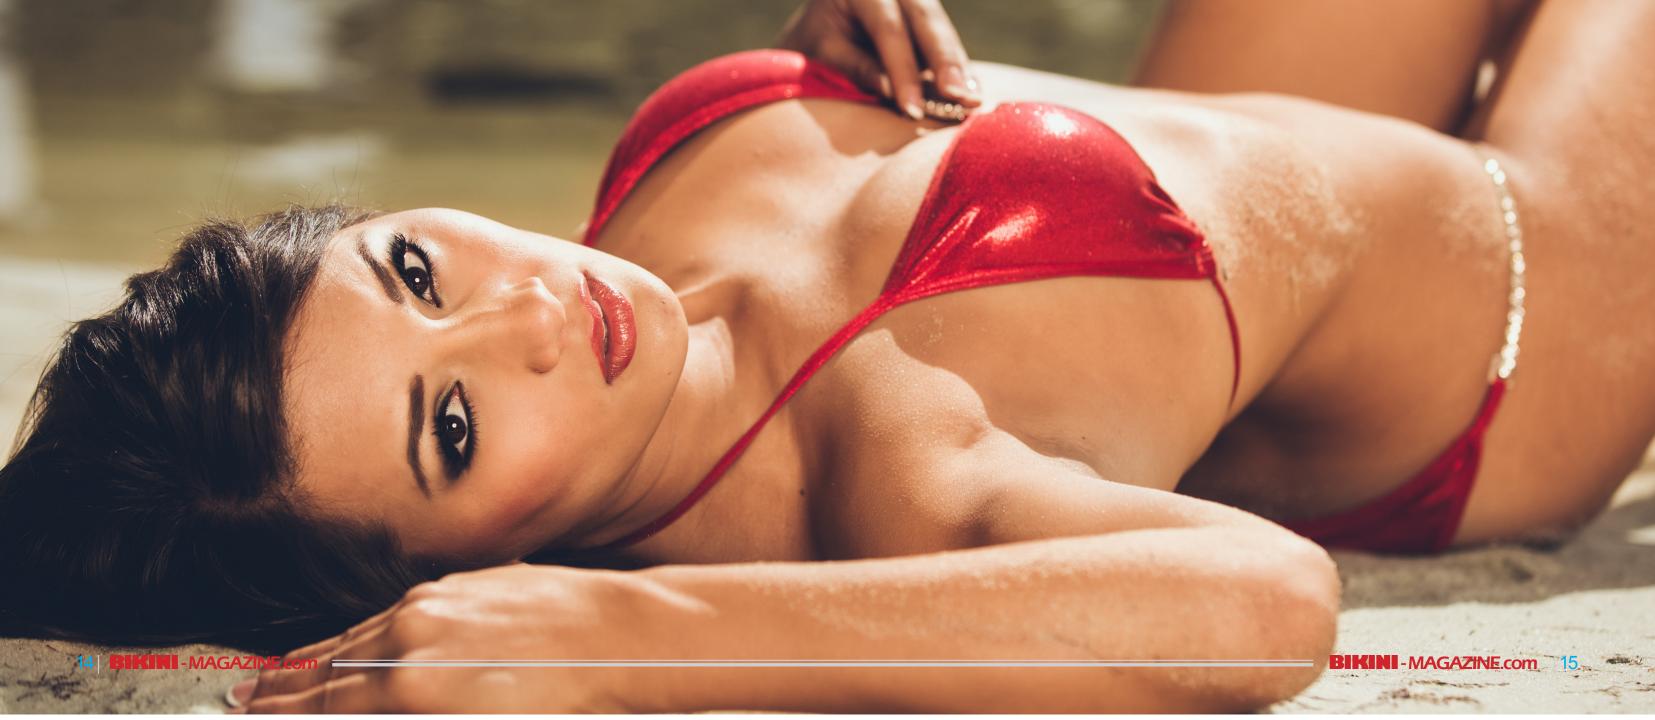

y name is Amber Contant and I'm extremely active in bikini contests and modeling. I first became interested in these activities when I entered my first contest in the Summer of 2013 and I loved every second of it. Bikini contests and modeling are things I do for fun in my free time (my studies are my top priority) and they also give me a reason to keep in shape. I'm always looking for new opportunities to odel, work events, or compete

in pageants and contests!

My background begins with me being born on Eglin Air Force base and growing up in Navarre, Florida. I graduated from Navarre High School when I was 16 years old as valedictorian with a 4.73 GPA and I currently attend the University of West Florida in Pensacola, Florida studying Hospitality, Marketing, and Management. I am currently employed at Hooters on Pensacola Beach, but I am hoping to become

A Pharmaceutical Sales
Representative or work for the
Hooters of America corporate
marketing division.

I have always had a passion for music - I played flute for 9 years and I taught myself how to play the piano and guitar. I watch a lot of movies and play a ton of video games. I also love to keep active so I can be caught paddle boarding, jet-skiing, kneeboarding, waterskiing, long boarding, and working out in the gym.

#### started modelling when I was about 15 yrs old just for the fun of it and it has continued to be for that reason. I don't aim to be rich or famous, i do it because I love it..because it's a passion of mine. I have always loved fashion and photography and what girl would not enjoy playing dress up? LOL. Grew up with brothers so being girly wasn't really an option for me...bike riding, climbing trees, building forts..these were the things i did..as I got older I got in to the car thing... I love cars. My modelling was my escape to all things feminine and really helped me get in touch with my love for beauty and fashion. Now I get to

enjoy both. Rare to see a model so heavily tattooed modelling bikinis? Yes! But I say why not? I like to keep my portfolio as diverse as possible so that I am not closing doors on opportunities that arise. I also love the beach so modelling in bikinis is perfect as I get to be in one of my fave spots during the shoot!

Small town girl that loves everything about the country but I love to visit the city as well. Visit being the key word...I would not be able to live in a big city! It's just too much for me. I like the peace and quiet and would much rather wake up to the sounds of birds and waves in the morning than honking horns and crazy traffic. Christmas is my fave holiday...I start

watching Christmas movies like a month before the actual holiday haha..like a little kid in a candy store.

What many people don't know about me: I don't like swimming in water where I can't see the bottom or what I am surrounded by..not sure why but I have that fear that something is going to get my toes! LOL A big chicken I know.. What do I say to people that don't like my tattoos? I say "that's your opinion and I respect it and you are entitled to it". Everyone has their own likes and dislikes... clothing, hair, style, tattoos, food...I get my tattoos for me, not for anyone else...and I love them all as they are all a piece of my heart!

**AnnaPaulina** Mayerhofer

riginally from Santa Monica, California. I recently got out of the military in January after 5 years of service to pursue my medical education. I have been modeling on and off on the side since I was 19 years old but didn't really focus on it till last year when I submitted for MAXIM's 2014 hometown hottie competition. I made it to top 100 semi-finals and after was not only published but picked up a few other features ranging from Sport's Illustrated Hot Click to FHM. I'm currently with two different promo agencies and have modeled a few swimwear lines. It definitely is a fun job, but doesn't come easy! I'm pretty actively at the gym. Although, i'm not crazy on fad diets. I eat when I'm hungry, try to keep it healthy, and eat ice cream on occasion. All in all i'm a very adventurous person. I have made my personal goal to have traveled to 20 countries before my 25th birthday and this december I will have completed it :) I grew up pretty much

say the craziest thing that happened in the past year was a random trip my girlfriend and I took to Tokyo. They have a specialty alcohol there called Habosake. It's a rattlesnake that has basically been distilled in sake. If you haven't tried it or are scared too, have a few shots and go back to the idea in 20 minutes. It tastes like hell but is definitely fun.

o in a nut shell: I'm a red blooded American Woman. I'm blunt, I'm honest, and I'm a lot to handle. I don't typically get complaints though;)

I am so very thankful to him, because of his great work, I have been featured on Maxim, a calendar, and featured in two magazines, BIKINI MAGAZINE is my 3rd publication. Thank you Joe for being the amazing person you are!!!

### since when have you been interested to be a photographer?

-I've never been interested becoming a photographer until I picked up my first DSLR for travel photography purpose. From there, my passion to capture portraits have grown and took that hobby into the extraordinary level.

#### what has been the most memorable experience in your career?

-It will have to be my first trip in Cancun with International Bikini Model Search. It has opened my career to bigger industry.

#### What is your ultimate goal?

-To travel around the world with my camera.

#### what do you enjoy most as a photographer?

-Being the photographer itself is what I enjoy most. Running the business side of it is what I enjoy less.

## Do you specialize in one type of photography or you do other photos as well?

-Although glamour is my market, I enjoy capturing fitness session as well. I get booked with wedding shoots from time to time.

#### what is your favorite equipment?

-It has to be my Canon 5D Mark III. While lighting gears have 1%-25% chance of failing in any purpose, my camera has taken all kinds of abused from salt water, sand, extreme humidity and lava, and yet it's still functioning. J/k about the lava part.

### what would you recommend young photographers to do?

-Get out there and shoot. Go home study, observe and evaluate your work.

#### Do you have a preference on a type of model?

-Yes, I really mean it when I compliment on a model who's well prepared with makeup and hair.

### who would you love to shoot and never had the opportunity?

-I have a lot in the cue, and one of them is Adriana Lima.

## Any little secrets about you that the industry would be surprised to know?

-Ten years ago I used to make fun of my roommate for being a photographer, and now I'm the photographer. More than 15 years ago, I used to ridicule my dad for being a photographer, and look at me now, I would never thought I'd become one. Dad says, "Good job, son!" as he pats my back.
