My name is Gabby Stubbs. I believe that hard work will get you where you want to be. I'm currently a full time business student while juggling work and keeping time for friends and family. If I am not working or studying you can usually find me out in the country somewhere either mudding, four wheeling, or just relaxing by a bonfire. I would take a

pizza on a tailgate of a truck over dinner at a fancy restaurant any day. My background in modeling is small for now since I started about a year and a half ago, but it is growing as I keep working. Oddly enough my grandma happens to be my biggest supporter when it comes to my modeling. My goal in life is to be successful in everything that I do.

I'm Sara Kathryn. I am 22 years old, currently attending medical school in Northern New Jersey, where I was also born and raised. I've always enjoyed volunteering and helping others, which is why I chose to take this career path. It definitely is not easy and most of my time is spent studying, but if you know me, you know I love a challenge.

While attending school, I pass free time with some of my favorite hobbies and working part-time. Some of my hobbies include reading, exercise, nature, working on my Jeep Wrangler and off-roading it. I have been building my Jeep and wheeling it for several years now, it's definitely become my passion. I love spending time outside and getting dirty, just as much as I enjoy curling up on the couch reading a good book. I'm never afraid to break a nail or get a little dirt on me!

As for work, I have been modeling part-time with East Coast Celebrity for 9 months now, where I have shot for lingerie, off-road and automotive, nature, and fashion. I actually consider the position as an extension of my hobbies, as we're always doing fun shoots that connect to my passions. I love modeling, and wouldn't mind pursuing a career in it. I have seen so many amazing new face, new places, and it has opened doors to many opportunities for me. I can't wait to see where else it can lead me.

Jenna is an absolute joy to work with. She has natural posing ability and brings it to every shoot. Working in the healthcare field, Jenna spends most of her time with her loving family.

Zoe Taylor

My name is Zoë but people just call me Zo, I am from Scotland, born and raised but always thought I belonged somewhere bigger so here I am now, moved to Canada in 2011. I am happily single and always ready to mingle, 18 years and a pices girl; I love my music, house and underground rap, I live for concerts, always getting out there dancing having a good time!! I'm a very laid back girl and a people

person; people say I know how to brighten up a room. I'm new to modeling and have much to learn but I do enjoy all the photo shoots I've done with my photographer John at Memories Digital Imaging. We have done a few shoots together but no matter what the theme or location, he always makes sure that everyone is comfortable and that my ideas are a priority. I've also had the opportunity to do some promo

work for Car Candy models at Auto shows I'm open to a lot and enjoy all the adventures we do when shooting, whether it's climbing a broken down castle or climbing on slippery rocks and hanging off of trees I'm always open to new opportunities and new people. I am definitely going to pursue modeling. It is an interesting adventure, and you never know where you will go next.

Violet

I'm Alicia aka. Violet B, I am a 28 year old petite, alternative model from Ontario Canada. I have six years experience in modeling and my favourite genres to shoot are Gothic themed and lingerie. Dani Divine, Kristen Leanne and Staci Castle are among some of my favourites in the industry currently. Everyone is unique in their own way, different hair colours and playing with makeup Are some of the ways I like to showcase my uniqueness.

True to my Aries/picese star signs I am a hopeless romantic with a little bit of attitude and a whole lot of silliness. My birthday is in March so naturally I love spring time the most. When I'm not busy shooting I'm

most likely at home spending time with my husband and my daughters. Family is extremely important to me. I also enjoy cooking, baking, reading and working out. My nights are usually spent curled up on the couch watching wrestling of any kind, Dragon Ball Z, reality television and the food network.

Any metal fans out there? I know my love for metal and rock n roll started at a young age and has never left! Some of my favourites on my playlist right now are Lamb of God, Korn and Arch Enemy. I also enjoy being a human canvas whenever my bank account allows it! Currently I have 20 tattoos and a half sleeve in the planning stages. Every piece of

art on my body has a story behind it and very significant meaning in my life.

In the very near future I hope to be shooting for tattoo magazines around the world and I would also be ecstatic to model merchandise for alternative clothing brands. I've had the opportunity to work with some amazing people so far, Memories Digital Imaging being one of the few to help me get noticed and eventually published as well!! Big thank you to everyone who has supported me in my journey so far!! You can find me on Facebook as Violet B Model, come check out the page and say hello! As always much love from Violet xo

KCLee

I am a 25-year-old model, just started modeling in 2015! Originally my family moved here from Québec, so I speak French and English and Mandarin.

I got into modeling because I wanted to try and express my lifestyle and show my uniqueness. My hobbies include painting, drawing, tattoos, modelling, cats and messed up stuff. I love my

cats; they are my happiness. I live in a medium size town where not a lot goes on. I'm definitely unique looking. Basically I'm just taking art courses and working away to make ends meet like everyone else.

Hope everyone enjoys being creative minded like me, and thanks to Mike's Garage of Calgary Alberta Canada for the place.
